To: Consolidated Wavier Program (CWP) Provider Agencies

Subject: Long Term Care (LTC)
CWP Information Letter No. 03-03
Revised List of Approved Billing Codes Effective September 1, 2003

Last summer, providers were informed that some billing codes would be ended on or after September 1, 2002. At that time, changes were not made to the Claims Management System (CMS) to reject claims submitted that used these closed codes; claims still processed.

Effective September 1, 2003 edits will be implemented by CMS that will reject claims that are submitted using the codes identified in the Attachment as having an end date of August 31, 2003. Consolidated Waiver Program (CWP) provider agencies must use approved billing codes found in Attachment 1, when billing for any services provided on or after September 1, 2003. Only bill codes that **do not** have an end date of September 1, 2003 should be used. If these approved billing codes are not used the claim **will reject**.

Through Information Letter No. 03-16, providers are being informed of changes occurring so providers and the Texas Department of Human Services (DHS) are in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) by October 16, 2003.

Effective October 16, 2003, providers must refer to the Bill Code Crosswalk (which is available through different sources) when preparing claims.

If you have any questions regarding this information letter, contact your local contract manager.

Sincerely,

Signature on file

Becky Beechinor
Assistant Deputy Commissioner
Long Term Care Services
