Executive Summary

The Office of the Independent Ombudsman mandated within S.B. 643 (81st Legislature, Regular Session, 2009) is a response to growing concerns about the quality of care at State Supported Living Centers (SSLCs) and services for individuals with intellectual and developmental disabilities. The Independent Ombudsman, appointed by the Governor and confirmed by the Senate, advocates for the residents of the SSLCs and acts independently of the Department of Aging and Disability Services (DADS) and the Texas Health and Human Services Commission (HHSC), reporting directly to the state's executive and legislative branches. Beginning in February, 2010, Governor Perry appointed Dr. George P. Bithos the Independent Ombudsman for SSLCs.

The authorizing statute includes provisions for hiring an Assistant Ombudsman at each state supported living center and staff sufficient for the operation of the Office. Other areas specified in the statute include restrictions for conflict of interest, elaboration of the duties and powers, provisions mandating promoting awareness of the Ombudsman’s Office and its work, and prohibiting retaliation for cooperating with an ombudsman investigation. The bill provides for confidential communication between the Ombudsman and any resident or client, legally authorized representative of a resident or client, family member of a resident or client, or other interested party. Therefore, by legal authority, the employees of the Office of the Independent Ombudsman have access to state supported living center residents, records and facilities for the purposes specified by law.

Using the authorizing statute as a blueprint and action plan, the Office has been staffed, organized and established as a functioning role for the advocacy of the welfare and rights of the SSLC residents. This biannual report will provide the required data, facts and recommendations. It is our hope to go beyond the obligatory so that we may give insight into the lives and individual aspiration of the citizens and families we are privileged to serve.

SITE VISITS

The Independent Ombudsman maintains an aggressive schedule of site visitations to the State Supported Living Centers to accomplish several goals. From the inception of the Office, visits to the Centers have included site tours, meetings with administrative leadership, and speaking with residents, family members and advocates to educate them concerning the role and responsibilities of the Ombudsman’s office. Visits are often made to SSLCs to address specific issues at the request of families, guardians or facility administrators. These visits provide for more in-depth understanding of issues facing consumers and the personal presence on the campuses helps to engage consumers, staff and families. To date, the Independent Ombudsman has made two to three site visits to each center and met with each Family Association, with the exception of Corpus Christi State Supported Living Center Family Association which is scheduled in December 2010.

EXECUTIVE AND LEGISLATIVE MEETINGS

The Independent Ombudsman meets regularly with executive and legislative office holders to inform them of the work the Ombudsman has been performing to help secure the rights of consumers living in the State Supported Living Centers. These meetings are held to discuss the progress of the Office and of the Centers, as well as provide discussion of any issues at a facility or at the state level of which the Office has been made aware. Recurring meetings with executive staff include those with the Office of the Governor; Thomas Suehs, HHSC Executive Commissioner; Chris Traylor, DADS Commissioner; and Chris Adams, DADS Assistant Commissioner of SSLCs.
As a Governor’s appointee, the Governor’s Office requests regular reports on the progress and activities of the Ombudsman’s Office. The members of oversight committees, their staff, as well as Senate and House members with SSLCs in their districts, are also kept current concerning the activities of the Ombudsman. This reporting function is delineated within the legislation and it is our policy and duty to inform the legislators of the activities of the Office.

The Independent Ombudsman has met with the following legislative members and designated staff during the months of June 2010 through November 2010:

- Governor Rick Perry’s Office: Ms. Katherine Yoder
- Speaker Joe Straus’ Office: Ms. Jennifer Deegan; Ms. Linda Kaufman
- Lt. Governor David Dewhurst’s Office: Ms. Jamie Dudensing
- Senator Jane Nelson’s Office: Ms. Addie Smith; Ms. Tara Swayzee
- Representative Patrick Rose’s Office: Mr. Michael Ruggieri; Ms. Mireya Zapata; Ms. Kate Mason
- Representative Elliott Naishat
- Representative Armando Walle
- Representative Gary Elkins and Ms. Laura Martin
- Senator Kirk Watson and Ms. Edna Butts
- Senator Eliot Shapleigh
- Representative Myra Crownover and Mr. Kevin Cruser
- Senator Dan Patrick and Suzanne Tomlinson
- Representative Ana Hernandez’ Office: Mr. David Parnell
- Senator Joan Huffman and Kyle Kamrath
- Senator Robert Nichols, Mr. Angus Lupton and Ms. Adrianne Emr
- Senator Judith Zaffirini’s Office: Mr. Ray Martinez and Ms. Sara Hull
- Senator Hinojosa’s Office: Mr. Luis Moreno
- Representative Ken Legler and Mr. Brad Tegeler
- Representative Drew Darby and Ms. Hartin
- Representative Byron Cook
- Senator Carlos Uresti’s Office: Mr. Jason Hassay
- Representative Jim McReynolds

STAKEHOLDER VISITS

The Independent Ombudsman must be accessible and receptive to input from all involved stakeholders. It is our policy to proactively engage and consider all points of view and to gather as much information as available to better serve the residents of the SSLCs. The Office must be approachable and responsive to all groups and citizens interested in improving the SSLCs.

Meetings were held with several diverse groups in the last six months including:

- Volunteer Service Council, SSLC Community Relations
- Advocacy Incorporated
- Parent Association for the Retarded of Texas
- Arc of Texas
- Aktion Club of Mission City
- Texans Supporting State Schools
- Texas Council for Developmental Disabilities
- Coalition of Texans with Disabilities
- American Association on Intellectual & Developmental Disabilities
Case Management System and Data Collection

HHS Enterprise Administrative Report & Tracking System or H.E.A.R.T. as it is most commonly referred to, is the online database and case management tracking system utilized by The Office of the Independent Ombudsman for State Supported Living Centers. This system serves as a permanent record of all issues, complaints, referrals and inquires received by the Office. H.E.A.R.T. was launched in a pilot mode in mid July 2010 with three Assistant Independent Ombudsmen at the Austin, Mexia and Abilene SSLCs. The pilot program was conducted in an effort to gauge usability, intuitiveness and appropriateness of data fields when collecting information from those whom would be utilizing the system most frequently. After receiving the feedback from users and a successful pilot period, H.E.A.R.T. was officially rolled out on August 1, 2010 for all Assistant Independent Ombudsman assigned at the 13 State Supported Living Centers.

H.E.A.R.T. is particularly appealing, in that with the help of IT, the Office has been able to fully customize the database to capture every necessary detail of an issue brought to the attention of the Ombudsman’s Office. All of the data collected, in particular the customized fields, allow the Office of the Independent Ombudsman to provide metrics that will help to document the activity of the Office by contacts received at each facility and aggregately. Some of the customized features that have been added by the Office include:

- creating case types to identify and track the specific concerns
- citing the alleged incident date
- indicating the shift, or timeframe, in which an alleged incident occurred, if known
- specifying the consumer’s home location at the facility
- identifying if a referenced consumer is an alleged offender
- attaching supporting documents to a case

Another feature of H.E.A.R.T. that was added to maximize the preservation of consumer rights is a follow-up feature that enables the Ombudsman to document continuous monitoring of any recommended corrective actions to ensure consumers’ care and service delivery is optimal. Additionally, every case entered into H.E.A.R.T. is reviewed by either the Independent Ombudsman or Deputy Ombudsman verifying completeness, accuracy and that all documentation is attached to a case. Furthermore, this allows Central Office to ensure that the Assistant Independent Ombudsmen are following policy and procedure when conducting their investigations and that all issues are given the proper due diligence by the Office. It is also important to note that the H.E.A.R.T. database works in real time, which enables the Independent Ombudsman and the Deputy Ombudsman to read and review case entries for all 13 SSLCs immediately. This allows the Independent Ombudsman and Deputy Ombudsman to intervene with a case, as needed.

The system is now fully operational and provides the means to record activity and document cases, however the Office will continue to monitor the system’s usability and adjust features, as necessary. As time progresses and the database becomes more robust, the Office will utilize the data collected to identify and address any trends, whether statewide, at a particular facility or at a specific State Supported Living Center home or unit. We are confident that H.E.A.R.T. will provide an additional tool that will enable the Office of the Independent Ombudsman for State Supported Living Centers to best respond to and anticipate the needs of SSLC consumers and the staff that directly serve the residents.
| **Independent Ombudsman’s Office** | George P. Bithos, Independent Ombudsman  
Candace Jennings, Deputy Independent Ombudsman  
Leah Casey, Executive Assistant  
Carrie Martin, Administrative Assistant |
|-------------------------------|---------------------------------------------------------------|
| **Work of the Independent Ombudsman** | Developed and completed infrastructure:  
- assigned Assistant Independent Ombudsman to each facility  
- hired Central Office staff for administration and oversight  
- secured office equipment to include secure fax line  
- acquired access to relevant computer systems  
- developed and implemented internal systems and procedures for responsibilities and requirements  
- created Policies and Procedures Manual  

Developed and coordinated training for Assistant Independent Ombudsman held in Austin, TX, which incorporated:  
- OIO Policy and Procedures  
- Internal Audit overview  
- DFPS overview and interface  
- HEART training  
- social media project  
- team building and group activities  

Promotion of the Office has been completed through:  
- providing each facility promotional materials including handouts posters and business cards with OIO contact information  
- designing a brochure in English and Spanish by DADS Media Services, scheduled to be completed by January 2011  
- improving the website; posting publications in English and Spanish and making online publications reader accessible, as required by the State of Texas  
- establishing Facebook page  

Investigations training completed by four AIO’s. The remaining staff are scheduled to attend training in January and March 2011.  

Several AIO’s attended the Texas Advocates Conference to gain updated self-advocacy information.  

Several AIO’s attended the ICF-MR Regulatory Conference to gain updated regulatory information.  

Finalized and signed the Memorandum of Understanding between the OIO, the HHSC, the Department of State Health Services, Department of Family and Protective Services, Office of Inspector General of HHSC and DADS. [Sec. 555.057 (b) (1-3)].  

Online complaint process is in the final stages and scheduled to be implemented January 2011. |
| Work of the Independent Ombudsman, continued | Customer Feedback Process is currently being developed with an anticipated completion date of January 2011. Consulted with various departments for development of the program review process to fulfill the audit requirements prescribed in SB 643:  
  - DADS Contract Oversight and Support  
  - DADS Regulatory Services  
  - DADS Internal Audit |
| Results of Reviews and Investigations | Development of the Program Review Process is underway and is scheduled for completion by May 1, 2010. There is also ongoing analysis and evaluation of appeals made to the Central Ombudsman Office regarding decisions made by facility administration. Overall, State Supported Living Center staff is the leading source of reports made to the Office. Furthermore, the majority of cases reported and investigated by the Ombudsman have been complaints regarding clients’ rights. |
| Recommendations in relation to the duties of the Independent Ombudsmen | There is continuing negotiation to provide consistent access to records, reports and documents to conduct inquiries and investigations required by the Ombudsman’s Office. Clarification to State Supported Living Centers concerning the right of the Ombudsman to review and have access to video surveillance records, if required for an investigation. |
| Recommendations for systemic improvements | The Office has been urged by numerous individuals to request Legislators to review and revise the regulations concerning legally appointed representation (LAR) and guardianship. These concerns have been expressed through personal discussion with parents and siblings of residents who are concerned about:  
  - Costs to families to become guardians  
  - Excessive paperwork and documentation  
  - Establishing a successor in guardianship without additional cost  
  - Longer periods of time before renewal for established guardians |

**INVESTIGATIONS AND CONTACT MADE WITH THE OMBUDSMAN**

The purpose of the Office the Independent Ombudsman and the role of the Assistant Independent Ombudsman is to investigate, evaluate and secure the rights of residents and clients of State Supported Living Centers and the ICF/MR component of the Rio Grande Center. The Independent Ombudsman, Deputy Ombudsman and Assistant Independent Ombudsmen are responsible for conducting investigations of complaints, other than complaints alleging criminal offenses or the abuse, neglect or exploitation of a resident or client, if the Office determines that a consumer or family member may be in need of assistance from the office; or raises the possibility of a systemic issue in the center’s provision of service.
When contacted for assistance, one of the primary methods the Office uses to track and enter cases into the H.E.A.R.T.S. database is to classify the type of issue by assigning an “action type.” The following graph represents the action types of all cases that have been received by the Office as a whole.

![Graph showing types of contacts received](image)

Source: H.E.A.R.T.S. data from July 15, 2010 through November 30, 2010

The majority of contacts made to the Office of the Independent Ombudsman thus far have been complaints. A complaint is defined as an expression of dissatisfaction, either written or verbal, that initiates an investigation, which is a primary responsibility of the Office for the Independent Ombudsman. The Assistant Independent Ombudsman at the facility where the individual resides is assigned to investigate and resolve the issue, as applicable.

The Office also receives inquiries from several sources, including legislators. An inquiry is an attempt to obtain information about the OIO and is usually answered immediately or within two days.

Consults are attempts to gain advice or opinion about an issue about which the Ombudsman has significant knowledge. All of the Assistant Independent Ombudsmen have extensive backgrounds and experience in various areas including rights and due process, investigations, abuse and neglect, guardianship, living options, policy review and management.

Referrals are investigations that an Ombudsman initiates due to a complaint received by a different entity. For example, cases from the Department of Family and Protective Services that do not meet criteria for abuse or neglect are referred to the facility to address. The Assistant Independent Ombudsman conducts the investigation for each of those referrals concerning client rights.

Additionally, the Independent Ombudsmen investigate any consumer’s appeal to a decision made by a facility’s administration, which may include decisions regarding community placement or facility transfers, for examples.

The other primary method the Office uses to enter and track cases in the H.E.A.R.T.S. database is to classify the type of issue by assigning a “case type.” The following chart represents classification of “case type” received by the Office, including the Assistant Independent Ombudsmen located at each of the 13 State Supported Living Centers and Central Office staff.
The bar graph below displays the source of the contact and the relationship to the consumer of interest. The data provided for each category is the percentage out of total combined contacts received.

**Work of the Independent Ombudsman**

- Promoted awareness of the Office by:
  - visiting homes and workshops on-campus
  - providing business cards to staff and clients
  - providing residents and staff with information about OIO
  - attended two new employee orientations and presented information about OIO
  - providing the toll free number and personal office number to staff and residents upon request
  - displaying posters in all facility buildings

- Attended various committee meetings including:
  - Incident Management
Work of the Independent Ombudsman, continued

- Human Rights
- Admissions Review Team
- Self-Advocacy
- Diet restrictions and Canteen procedure

Participated in training at SSLC, including:
- Public Health Ethics and Conflict Resolution
- Incident Command System Training
- Personal Support Planning process

Provided information about the confidentiality of the OIO’s records to Director.

Educated staff about retaliation and how to report it.

Investigated reports from consumers and staff regarding rights violations.

Reviewed incident and follow-up reports on all cases at the Austin SSLC.

Implemented in partnership with the Human Rights Officer, the “Right of the Month” program to educate residents and staff how to exercise rights.

Attended Personal Support Planning meetings to address individual resident concerns as needed or requested.

Met weekly with Incident Manager to review log of ongoing cases on campus and review investigation process for each case.

Met weekly with the Assistant Director of Programs to discuss current issues and concerns.

Met daily with facility investigators to discuss current DFPS referrals and provide recommendations.

Met with Advocacy, Inc. to discuss how the AIO promotes awareness of rights on campus.

Reviewed policy and procedures for Incident Management and internal transfers.

Advocated for resident’s rights during the relocation process for residents of two homes being closed.

Participated in Grand Rounds which addresses significant issues of concern for a resident.

Data below demonstrates the types of contacts received at the Austin State Supported Living Center.

Work of the Independent Ombudsman

Promoted awareness of the Office by:
- visiting the homes and program areas
- distributing OIO posters in English and Spanish around campus to promote awareness
- attending New Employee Orientation and providing written material
- sending a letter of introduction and brochure to the families of individuals who were admitted to the facility
- attending the Self-Advocacy meetings to provide information regarding the role of the Ombudsman

Attended events held at the SSLC to promote access and engagement of OIO, including:
- Community Provider Fair which educates residents and staff of community living options
- Family Association Meeting where Representative Lois Kolkhorst served as the guest speaker
- Family Association Annual Picnic
- Town Hall Meeting with DADS executives

Attended various committee meetings, including:
Work of the Independent Ombudsman, continued

- Incident Management
- Human Rights
- Admissions Review Team
- Diet restrictions
- Personal Support Planning and living options process

Participated in training at SSLC for the new Person Supported Planning process.

Reviewed evening and overnight campus administrator logs for areas of concern.

Reviewed DFPS reports and the facility’s recommendations for abuse and neglect cases.

Followed up with dental and residential services in regards to the need to provide optimal oral hygiene.

Attended Personal Support Team meetings at the request of the person, family, QMRP, or advocate.

Provided guidance to QMRPs and psychologists in regards to restrictive practices.

Provided guidance to the Rights Officer in regards to due process and restrictive issues.

Addressed possible rights issues in coordination with the Human Rights Officer.

Consulted with Director of Competency, Training, and Development to address new employee training and be included in feedback received from direct care staff regarding “on-the-job” training.

Met with residential directors and acting ADOP regarding feedback received from new direct care staff and their concerns of possible retaliation.

Attended training for facility staff on the Plan of Correction resulting from the annual ICF-MR survey. Training addressed dignity and respect, due process for rights restrictions, and active treatment.

### Work of the Independent Ombudsman

Promoted awareness of the Office by:

- visiting residents and staff
- presenting information during New Employee Orientation
- writing an article in the Denton SSLC Newsletter *Grapevine* to all family members or correspondents of residents
- presenting OIO role to the Life Skills Department, Residential management staff, Active Treatment Specialists and affiliated positions
- distributing posters and handout in campus buildings, staff and individuals
- providing contact information to distribute as needed to MRA Service Coordinator
- making presentation to facility Incident Management staff
- making presentation to Executive Management Team

Attended various committee meetings in these areas:

- Incident Management
- Human Rights
- Self-Advocacy
- Restraint Reduction
- Dental Sedation
- PICC/Trends meeting and Regulatory exit meetings
- Level of Supervision
- Administrative Review

Participated in training at SSLC for the new Person Supported Planning process.

Researched and presented information regarding social media to OIO during Orientation training; ascertained Facebook access from DSSLSC; created Facebook page for OIO office.

Tracked and completed follow up for imposed restrictions and completed documentation through Human Rights Officer Contact and Activity Log.

Continued on site monitoring of facility and staffing ratios.

Assisted residents involved in presenting Rights training during new employee orientation.

Wrote article for newsletter to assist with staff morale associated with the monitors/cameras policy.

Discussed guardianship issues with family members of residents.
Ombudsman, continued

Reviewed facility policies and procedures regarding Incident Management Level of Supervision, Video Surveillance, Consumer Complaints, and Human Rights Committee.

Requested access to facility’s unannounced patrols schedule.

Met with Center Director concerning Consumer Complaint Policy and initiating a higher rate of consumer awareness of the complaint process.

Data below demonstrates the types of contacts received at the Denton State Supported Living Center.
